 a very cold upper low (-35C @
 500 mb) is moving SE today
 from near SFO to near Bardow
 Modding ends
 Afternoon convection after plenty
 of morning sunshine. Snow fell
 about 1500 feet. Many local
 areas with graupel, hail,
 snow mixed with rain. No thunder
 aft line from Ojai to Gustin,
 near sunset from N of Moorpark
 to Simi then wkag.
 Another afternoon line from
 Sh Oaks to Treadia.
 Plenty of hail in BUR
 I observed snow along Terminus
 Canyon Rd N of Moorpark
