27) Very vigorous storm system approaching SoCal from the WNW with strong divergence aloft contributing to a strengthening cold front/precip band as it nears the coast. Thunder here w/ 2345. Small hail in Agoura. Strong W wind w/ the squall ~ midnight - gusts to 45 mph on the hill tops. Strong squall line developed later towards SFV night w/ more lightning, heavy rain & wind. First sig. storm since April
