

June 1992

June

28) Very strong Earthquake - 7.4 at Landers
near Joshua Tree at 4:58 am PDT

2nd strong Earthquake - 6.5 near Big Bear Lake
at 8:04 am PDT

1st quake very long, large and swaying here,
no sharp jolts, but very pronounced

2nd quake shorter, a little sharper, a little
less strong than the first one
